EXPERIENCE

Student Equipment Manager - Penn State Football

University Park, PA

2021 – Present

Penn State Football is a top tier NCAA Division 1 College Football Program generating over \$100 million dollars annually. The program is an integral part of Penn State's brand, student experience and community. High pressure / high expectation environment requiring dedication, attention to detail and commitment.

Responsibilities:

- Assist players and staff with equipment and apparel needs
- Inventory management
- Equipment and apparel maintenance
- Preparation for travel and home games
- Respond quickly to manager and coach requests and information needs

Practical Learnings:

- Multi-tasking and adapting to varying situations are critical to success
- Hard work and the willingness to help wherever needed builds credibility
- Importance of balancing priorities and effective communication

Equipment Operations Internship - Philadelphia Union Soccer Club

Chester, PA

Summer 2022

The Philadelphia Union is a competitive, rapidly growing professional soccer club competing in MLS. The club is also very successful from the youth to senior level, producing and developing top talent.

Responsibilities:

- Prepared and organized equipment before and after training sessions
- Assisted players and staff with daily needs
- Set up and helped facilitate transitions during training sessions
- Provided players and staff members with apparel
- Prepared locker rooms for home games and training days

Practical Learnings:

- Working with great people in a team environment is extremely satisfying
- Importance of building networks and learning how organizations operate
- Treating every employee with respect creates a winning environment
